TO WHOM IT MAY CONCERN:

Re: Dupont Cleaning Solutions

Dear Sir or Madam:

As the Firm Administrator of Meuers Law Firm, P.L., I and our firm, have had the pleasure of knowing and employing Dupont Cleaning Solutions, for both business and residential cleaning, since January of 2009. At that time, their services came highly recommended to us by Premier Properties who had employed the Duponts' cleaning company for several years prior to that, and continue to employ Dupont Cleaning Services for the ongoing turnover of its leased and rental properties.

Guillermo ("Willy") and Guisella Dupont operate a family-owned, residential and commercial cleaning service. Mr. and Mrs. Dupont oversee or participate in the scheduled cleanings themselves, in order to maintain the excellent cleaning standard we have come to expect. On the rare occasion when they are unavailable, a trusted and reliable family member will always be present. Their services for us include a twice-weekly cleaning and an occasional "deep" cleaning or "Spring" cleaning during the year. At times, we have required them to be flexible in their scheduling and they have always accommodated us. Their attention to the details of our agreed-upon contracted services has continued through the years. They, along with their congenial, courteous and reliable staff, have been a pleasure to work with.

We have found Dupont Cleaning Solutions to be completely reliable, trustworthy and honest. We have the utmost confidence in allowing them access to our premises, unattended. We have been, and continue to be, pleased with their services, and I highly recommend them as a professional cleaning service.

Sincerely,

Nancy Bucciarelli  
Firm Administrator
